

EYEWASH OUT-OF-SERVICE TAG

This eye wash has been tagged out-of-service and is not currently required.

By signing below, lab personnel are certifying that:

- A. No corrosive or hazardous chemicals are used or stored in this lab/space or
- B. The lab/space has other accessible and functional eyewashes and this eyewash cannot be accessed.

IMPORTANT: If activities resume which involve corrosive or hazardous materials, please document weekly flushing per EHS requirements to ensure eyewash is functional and water is not stagnant. Initially, flush well to remove all stagnant water and inspect/clean filters and eyepieces.
